EUREKA - AVORIO

A30416-1

The starting point was a prototype of a multicolour weave produced by hand in the Rubelli design studio. The creative process can be compared with the exploration in textiles by Anni Albers, the great Bauhaus artist. Suitable for upholstery.

Si è partiti da un prototipo di intreccio multicolor fatto a mano nel design studio Rubelli. Per alcuni aspetti quello fatto per Eureka è un processo creativo assimilabile alla ricerca tessile di Anni Albers, grande maestra del Bauhaus. Adatto per imbottiti.

Tout commence sur une table du Studio de la Maison Rubelli où les mains du styliste entrelace des fils multicolores. Dans certains aspects, le processus créatif suivi ainsi pour Eureka est proche de la recherche textile d'Anni Albers, grande artiste du Bauhaus. Adpté pour les sièges.
